Old business

Discussed Antenna Loop Project. Virgil and Kevin will start digging holes for towers.

Christmas party Ed Bode reported 35 people signed up. Anyone else planning to attend

Please email Ed.

Technician Class License classes at the college was cancelled by college due to lack of sign-ups

Two people took licensing exam last month. One passed General. One passed Technician
Congratulations to both.

New Business

Discussed draining – treating waterlines at the schoolhouse. Kevin volunteered to work on it next time he goes out there.

Discussed visitations of members not able to get around. If anyone is willing to do so it would be appreciated.

Meeting Adjourned @ 8:12 pm

Update: Virgil and Kevin went to schoolhouse. Dug 1st hole to depth of 2-2.5 ft. and reached hardpan and rock. Could not break thru using posthole digger. Started 2nd hole. Reached rock and hardpan at 2 ft. If anyone has a couple of sticks of dynamite or a large auger it would be appreciated.

Many thanks to Virgil and Kevin for the work they were able to accomplish to date. Thank you both.
